INTRODUCTION

15 Forever uses philanthropy and leadership to teach teens how to change the world.

Twelve students from Boulder County joined this year’s 15 Forever board. They collectively spent 720 hours working to improve their communities while becoming leaders and activists in the process. The team completed a community needs assessment on the most pressing issues facing youth in Boulder County, spread awareness of the issues with the community, and raised $6,550 for local nonprofit organizations benefitting Boulder County youth.
THE PROGRAM

After many hours of research, the 15 Forever board decided to focus on the following funding priority:

**Youth Homelessness**

The 15 Forever YouthBoard decided to focus their attention on youth homelessness because it disproportionately affects LGBTQ youth and contributes to food insecurity and education inequality. According to the United States Interagency Council on Homelessness, there were 23,014 homeless students in Colorado in 2018, 2,034 of whom were unaccompanied. The 15 Forever students worked to respond to this homelessness crisis and to ensure that homeless youth in the area get access to basic resources and support.
The 15 Forever board created a fundraising plan to raise as much money as possible to support their chosen priorities. They met with local business, community, and nonprofit leaders (known as “Impact Partners”) from across Boulder County to talk about their funding priorities and ask community leaders to invest in their work.

RAISED: $6,550
